

DID YOU KNOW?

Over a quarter of a million people are school governors, making them one of the largest volunteer forces in the country..

Do you have the time and passion to commit to making a difference to the children within our community?

Poulton St Chad's School are looking for new Governors to join the board.

Ideally, you will have experience within the education sector and a strong Christian faith.

For an informal chat about the position and to register your interest, please speak to Rev. Martin Keighley.
